

The ERATOSTHENES Centre of Excellence of the Cyprus University of Technology invites expressions of interest for the EU MSCA Post-Doctoral Fellowships 2022

Cyprus
University of
Technology

The ERATOSTHENES Centre of Excellence (<https://eratosthenes.org.cy/>) of the Cyprus University of Technology is an autonomous non-profit Centre of Excellence, funded by the EXCELSIOR: 'ERATOSTHENES: Excellence Research Centre for Earth Surveillance and Space-Based Monitoring of the Environment' EU H2020 Teaming Programme (www.excelsior2020.eu), the Government of the Republic of Cyprus and the Cyprus University of Technology. The Centre is based at Limassol Cyprus and its mission is to conduct both basic and applied research towards improved understanding, management, and monitoring of natural resources and infrastructures and to offer expert services and products of excellent qualities in line with the latest developments in Earth observation, Remote Sensing and related geospatial technologies.

We are inviting expressions of interest by post-doctoral researchers of any nationality to apply jointly, with an ERATOSTHENES CoE host supervisor, to the EU MSCA Post-Doctoral Fellowships Scheme under the [2022 call](#).

The goal of the MSCA Post-Doctoral Fellowships scheme is to enhance the creative and innovative potential of researchers holding a PhD and who wish to acquire new skills through advanced training, international, interdisciplinary and inter-sectoral mobility. MSCA Postdoctoral Fellowships will be open to excellent researchers of any nationality. The scheme normally covers 24 months of salary, a mobility allowance, research costs and overheads for the host institution. Individual researchers submit proposals for funding in liaison with their

planned host organisation. Proposals are judged on their research quality, the researcher's future career prospects, and the support offered by the host organisation.

To be eligible to apply for the MSCA Post-Doctoral Fellowships you must:

- not have spent more than 12 months in Cyprus in the last 36 months prior to the MSCA call deadline.
- have a PhD (or equivalent), or four years full time research experience.

Expressions of Interest shall fall within the thematic areas shown below and shall consist of:

- Curriculum Vitae (CV) no more than 2 sides of A4 paper.
- Research proposal summary (of no more than 3 sides of A4 paper) which should include:
 - Your research concept.
 - The current research problem/gap you will address and what your specific contribution will be.
 - Your unique skills/ experience to carry out this work and outline the synergy between the host organisation supervisor (including any previous work you have carried out together)
 - How this grant will impact your career and your capacity to reach a position of professional maturity following the award of the MSC Fellowship.

ERATOSTHENES CoE will select up to 3 candidates that it wishes to support their applications for the MSCA scheme by Friday 8 July 2022. If you have not heard from us by this date, please assume your application has been unsuccessful.

The selected candidate, together with their proposed ERATOSTHENES supervisor, will prepare their full proposal to submit to the Marie Skłodowska-Curie Individual Fellowship by the final deadline to be set by the Horizon Europe program.

Expressions of Interest shall be submitted to hrmanager@eratosthenes.org.cy by 20 June 2022
