ERATOSTHENES CENTRE OF EXCELLENCE

Why This Training Matters

EU-funded projects are increasingly competitive and complex. Success depends not only on strong proposals, but also on:
• Strict compliance with funding rules
• Accurate financial management
• High-quality reporting
• Effective cross-border collaboration
This programme provides practical, **hands-on guidance** to minimise risks, avoid common mistakes, and ensure EU projects are delivered efficiently and in full compliance.

Duration & Delivery

Total Duration: **7 Hours**
Date: **02/12 & 03/12**
Delivery Method: **Online**

Management of EU-Funded Projects

Practical Skills for Planning, Implementation & Compliance

Professional Training Programme
Offered by ERATOSTHENES CoE

Delivered by an expert with extensive experience in EU project coordination and management.

This professional training programme equips participants with the practical knowledge and skills required to design, implement, and manage EU-funded projects across the full project lifecycle.

It focuses on proposal preparation, compliance with EU funding rules, financial management, and project coordination and reporting.

The programme is developed by **ERATOSTHENES CoE**, a leading research organisation in Cyprus with extensive experience in EU-funded projects.

The programme has been approved by the HRDA. Enterprises/ organisations participating with their employees who satisfy HRDA's criteria, are entitled to subsidy.
